BROOKS BRIDGE

FIN NO.:
415474-2-52-01

PROJECT DESCRIPTION

This \$171M bridge replacement project in Okaloosa County. This project is to widen, realign and construct major drainage improvements to a 4-lane bridge that carries highway US 98 over Santa Rosa Sound. This design-build project includes the construction of approximately 3 miles of widening of US 98. Major utility relocation work includes underground water, sewer, gas municipal facilities, and underground/overhead franchise electric, and telecom utilities.
